Roma - 20 ott 2022 (Prima Notizia 24) **The Council has also signalled its intention to impose restrictive measures against a further two individuals and two entities on the same grounds.**

The Council today added three Iranian individuals and one Iranian entity to the list of those subject to restrictive measures for undermining or threatening the territorial integrity, sovereignty and independence of Ukraine. This is in view of their role in the development and delivery of Unmanned Aerial Vehicles (UAVs) used by Russia in its war against Ukraine. Today's decision is a signal of the EU's resolve to respond swiftly and decisively to Iran's actions supporting Russian aggression against Ukraine. The EU condemns the delivery of Iranian drones to Russia and their deadly deployment in the war of aggression against Ukraine. The EU will continue to respond to all actions supporting Russian aggression. Those designated are subject to an asset freeze and EU citizens and companies are forbidden from making funds available to them. Natural persons are additionally subject to a travel ban, which prevents them from entering or transiting through EU territories. The Council has also signalled its intention to impose restrictive measures against a further two individuals and two entities on the same grounds. The relevant legal acts, including the names of the listed individuals and entities, have been published in the Official Journal of the EU.
